

New Club kit now available for Training & Leisure wear

Saturday, 29 August 2009

The club has commissioned some new items of training and leisure kit which we hope you will like. It sports the new Herts Phoenix logo which you will have seen on the Tracksuit tops that many people now wear. Please [click here](#) to view pictures of this new kit.

The T shirts, vests and long sleeve tops are all 'coolfiber' material and designed to be worn for training. The hoody is cotton and the rucksack roomy and durable. I can also do woolly hats for the winter in the same colours as the cap for the same price. (NB The vest is for training and NOT a new club vest!).

We hope you will like it and wear it, particularly on match days and at other meetings, so we can start to look more of a team off the track as well as on it!

Prices are shown below and we have kept them as low as possible so that you get the best value.

T shirt	£14
Long sleeve T	£11
Training vest	£12
Hoodie	£17
back pack	£17
cap	£6

If you want any items please contact me by email humphriesclan@yahoo.co.uk and I will assist re sizes etc. In the photos, to give you a guide, Claire is wearing size MEDIUM in all designs (she is a size 12) and Richard a LARGE (he is a size 40 chest). The T shirts, in particular, come up slightly smaller so go for the next size up if you are not sure.

I will be making an order about once a month and would like payment with your order please. I will give you the details when you contact me.

I would like to get the first order together by 15th September if possible.

Jon Humphries
